

Aviation MET TRWG

- WG to begin with a syllabus:
 - Collecting existing references/syllabus
 - WMO 258 supplement/CAeM
 - ICAO
 - National experience
 - Completing the WG
 - Taking into account the current results from the Radar WG
 - Define precise goals and outcomes for the WG
 - Adopt a detailed timetable consequently
-
-

Aviation MET TRWG

- The work can start in a remote scheme from now on by making a forum on Eumetcal website, or by e-mail.
- Publicize the needs and challenges of the WG so as to seek interest and contributions from various experts
